

T-Level Recruitment Opportunity

Thomas Telford University Technical College and **Baily Garner** are delighted to offer **one** position on the Design, Surveying and Planning for Construction T-Level, beginning in September 2022. You can find out more about our T-Level at <http://thomastelfordutc.com/page/tlevels>

About Thomas Telford UTC

This state-of-the-art school aims to create the innovators, designers, architects and construction professionals and technical fields.

Thomas Telford UTC has been established to provide the young people of Wolverhampton and the surrounding areas a unique combination of excellence academic achievement and first-class preparation for their future.

About Baily Garner

Their team of 180 people combines architects, building surveyors, quantity surveyors, electrical, mechanical and environmental engineers, project managers and health and safety specialists. Their shared expertise and collaborative culture, combined with the latest technology, enable them to offer dynamic solutions and value for money. For each project, they build a bespoke team around the client to deliver the exact knowledge and expertise they need. Baily Garner invest in advanced tools, techniques and training to deliver the best possible service. Using the latest building information modelling (BIM) software, their team can show a client exactly how the building will look and function well before any construction work begins. By creating precise virtual models of designs, they're able to analyse, assure and assess their performance, and ensure they comply with the relevant regulations.

The Roles

You will undertake study with Thomas Telford UTC in September 2022 as a full-time student. During your 2-year course, you will undertake 350 hours of meaningful placement with Baily Garner as a Construction Management Trainee, based in Birmingham. During your placement you will be expected to shadow, contribute and otherwise be a full member of the Baily Garner team. Your experience will include Project management, Architecture, Surveying, Mechanical and Electrical Engineering and more - this is your chance to impress!

Industry Placement roles are not paid roles and you will need to be able to travel to the location of the site. Where necessary support may be available with associated travel costs.

How to Apply

You need to achieve Grade 4+ in English and Maths as well as 5 good GCSEs*

Complete the application form on our website (link above). We will contact applicants for a short interview before offering places.

There is no deadline – these spaces will be offered to the first successful applicants! You need to be organised.

**For students who do not achieve the required entry requirements, we offer a T-Level Transition year to give the chance of continuing over 3 years or our alternative range of qualifications.*
