

Thomas Telford UTC is here in Wolverhampton!!

Thomas Telford UTC is a high performing secondary academy and a member of one of the highest performing MATs in the country. We expect and strive for the highest standards in everything we do and all staff, in both teaching and support roles, have a part to play.

You will enjoy working in state-of-the-art facilities, with a calm positive and respectful environment.

Our Vision

Thomas Telford UTC was established in September 2020 to provide the young people of Wolverhampton and the surrounding region a unique combination of excellent academic achievement and first-class preparation for their future

Message from the Principal

I am delighted to write to you about the most exciting development in secondary education in Wolverhampton for many years. I am honoured to be entrusted with leading Thomas Telford UTC on a journey that I am confident will see this flagship establishment become the gold standard for secondary education in Wolverhampton. I want every child that comes to Thomas Telford UTC to be part of the fabric of the school, and to go home every day fulfilled and happy that they have made progress in their learning and development.

Our partners at Thomas Telford School and the University of Wolverhampton believe that all students deserve the chance to flourish in an exceptional environment that offers access to cutting-edge technology and unique, hands-on experiences.

Together, we will provide our students with the perfect combination of academic and technical excellence in preparation for the world of work and the fantastic opportunities that await them.

The innovative and distinct curriculum that we offer both inspires our students and prepares them for an outstanding future. I am excited not only about the planned expansion of our unique and wonderful school, but even more so about the individual growth of each of our students over the coming years.

Thomas Telford UTC is looking for inspirational staff to help shape an innovative approach to education.

Thomas Telford UTC will be situated in a brand new, purpose-built building in Wolverhampton city centre at the Springfield Campus. The UTC buildings form the first stage of the £100 million regeneration of the Springfield Campus led by the University of Wolverhampton to form a national centre of excellence for Architecture and the Built Environment.

We are looking for an experienced Science Technician to support the delivery of Science in our innovative programme. Our technicians will also perform a secondary support role for classes and students within their subject area and will perform a vital task in helping to ensure that our students will achieve their very best.

The Role

We will be employing only the very best teachers and support staff whose primary focus will be to drive academic excellence alongside technical proficiency. You will be highly presentable and will demonstrate:

- A high level of scientific knowledge and understanding
- Experience of acting as a Science Technician
- A willingness to work with young people in support of their studies.

This post is advertised as Term Time only role.

Find out more

Please explore our website for a virtual tour. In the current circumstances the majority of staff are working from, an informal chat with the Subject Leader John Jackson can be arranged on request. Visits to school can be arranged by appointment only. Please contact Jayne Round directly using the details below.

To Apply

For more details and to request a full application pack please contact Jayne Round at the UTC.

Tel: 01902 872180

The UTC is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. Successful applicants will need to undertake a DBS enhanced clearance for the UTC. We promote diversity and want a workforce which reflects the population of the West Midlands.
